TURF BIOSTIMULANTS

SICO-TRIGGER

SICO-TRIGGER is a unique product that promotes rooting and tillering in re-seeds, ensuring rapid and healthy establishment even at lower seed rates.

GREEN-SPEED

GREEN-SPEED improves the speed of greens, helps to control the spread of *Poa annua* and reduces the susceptibility of turf grasses to disease. The specialist formulation helps to raise the leaf blades of fine turf allowing a cleaner cut so increasing green speeds without having to reduce the height of the cut which may lead to excessive plant stress.

By helping to raise the seed heads of *Poa annua*, **GREEN-SPEED** aids in the boxing off of these heads helping to reduce the spread of this unwelcome species.

Any information in this publication is believed to be accurate and is given in good faith, but is for the customer to satisfy himself of the suitability for his own particular purpose.
No representation, warranty or guarantee is made to its accuracy, reliability or completeness.
