"SICOPONICS" Scientific Hydroponics – ADDITIVE RANGE

## **SICO ICEDREAMER**

*Protects against heat stress & advanced biostimulant – stress relief technology.*

03/2014

### **1. PRODUCT DESCRIPTION**

SICO ICEDREAMER has proven **to reduce the effects of overheating in growing environments on plants**, allowing the plants to not only cope but thrive when temperatures rise above 30°C. SICO ICEDREAMER is designed to be used by growers who are striving to reach high levels of production economically and with the technology of tomorrow.

### **2. BENEFITS**

- Advanced biostimulant
- Takes growing to a new level
- Protects against heat stress
- Prevents flower abortion
- Allows side-shoots to grow on
- Produces more growth hormone
- Tested in the glasshouses of the Middle East
- Compliments SICOPONICS feeds

### **3. DIRECTIONS FOR USE**

Soil/Cocoa/Hydro: add 3 to 5 mls per 10 Litres of nutrient solution. ALWAYS ADD TO FRESH SOLUTION.  
Use higher rates on soil.

### **4. PACKING**

Available in 250ml pouches
