

**PRODUCT INFO  
& DATASHEET**

## **SICOGREEN-L NPK 0-44-7.5 + 10% MgO**

*Liquid Foliar Fertiliser for crops with increased phosphate requirement*

### **1/ NUTRIENT CONTENTS**

Phosphate (P <sub>2</sub> O <sub>5</sub> )	44% w/v	440g/l
Potassium (K <sub>2</sub> O)	7.5% w/v	75g/l
Magnesium (MgO)	10% w/v	10g/l

EC Fertiliser for use as a Phosphate, Potassium and Magnesium nutritional supplement for agricultural and horticultural crops by foliar application, to be used only where there is a recognised need. Do not exceed the recommended application rates.

### **2/ APPLICATION RATES, TIMINGS & METHODS OF USE**

**POTATOES:** Two application of 5 litres/ha in 250 litres of water. First application at tuber initiation. Second application at on-set of bulking.

**TOP FRUIT:** 5 litres/ha in 1000 litres/ha water, after petal fall. Repeat dose after one month.

**OTHER CROPS:** Susceptible to phosphate deficiency apply 2.5-5 litres/ha in 250 litres/ha water as early in the growing season as possible, providing there is enough leaf cover, repeat as necessary after one month.

**MIXING AND SPRAYING:** Fill the spray tank for 3 quarters. Shake the container and add slowly to spray tank whilst agitating. Wear suitable protective garments and wash hands before meals and after work. Safely dispose of the empty container.

### **3/ COMPATIBILITY**

SICOGREEN-L 0-44-7.5 + 10% MgO is physically and chemically compatible with a wide range of agrochemical products. Information is available from your supplier. When mixing with pesticides for the first time, test on a small scale before general use.

### **4/ STORAGE**

In a clean and dry store above 5°C.

### **5/ SAFETY PRECAUTIONS**

37/39 wear suitable gloves and eye/face protection.  
Protect from frost and extreme heat.

### **6/ PACKAGING**

20lt cans, 1600 litres per pallet, 16,000 litres per 20ft container.
