

PRODUCT INFO
& DATASHEET

SICOFERT Complex Granular NPK 13.10.20 (+ 3S) (C.) (MOP based), brownish color

1) PRODUCT / PRODUIT

Sicofert Complex Granular NPK 13.10.20 (+ 3S) (C) EC fertiliser: N + P2O5 + K2O (+S), 13+10+20 (+3)

2) STANDARD SPECIFICATIONS - SPECIFICATIONS STANDARD

* Chemical Analysis / Analyse Chimique	<u>Calculated %</u>	<u>Specification</u>
Total Nitrogen / Azote total (N)	13	4.5% Nitric Nitrogen / Azote Nitrique (N-NO3) 8.5% Ammoniacal Nitrogen / Azote Ammoniacal (N-NH4)
Phosphorus Pentoxide / Anhydride phosphorique (P2O5)	10	Soluble in neutral ammonium citrate and in water / soluble dans l'eau et le citrate d'ammonium neutre 8.0% soluble in water / soluble dans l'eau
Potassium Oxide / Oxyde de potassium (K2O)	20	Soluble in water / soluble dans l'eau
Total Sulphur / Soufre total (S)	3.0	2.4% soluble in water / soluble dans l'eau
Moisture / Humidité (H2O)		1.5% max.

* Physical Properties / Caractéristiques Physiques	
* Loose bulk density / Densité sans tassement	1.1 t/m3
* Screen analysis / Granulométrie	90% between/entre 2.0 mm and/et 5.0 mm
* Average particle size / Diamètre moyen du grain	3.0 – 3.6 mm
* H2O-content / Contenu H2O	max. 1.5%

3) PRECAUTIONS

Always keep the bag closed when not in use. Store out of direct sunlight and damp. Keep out of reach of children. Wash hands after use.

* Methods of analysis and tolerances allowed as per E.C. fertiliser regulations.
The tolerances given are negative values in percentage by mass.

SICO FERTILISERS : EVERY TIME THE RIGHT SOLUTION
