& DATASHEET**

## SICO "EASYMIX" PIGS/RUMINANTS MACRO PROTEIN CONCENTRATES (MV) 20-30 % INCLUSION RATES

(200-300 kgs per ton of feed)

*On basis of marine & vegetable (mv) proteins. These concentrates donot contain animal proteins.  
Produced as per latest E.U. regulations.*

### **DESCRIPTION**

SICO "EASYMIX" Macro Protein Concentrates 20-30% inclusion rates are a high quality mix of marine & vegetable (MV) protein sources and contain all the essential vitamin, mineral, oligo-elements, amino-acids, protein, energy and fiber requirements of the animals. Any antibiotic / growth promotor and/or coccidiostat can be added upon client's specific request. We can also make our own proposals. SICO Macro Protein Concentrates are especially designed for the home feedmiller, who doesnot want to stock many different ingredients. They can be mixed only with yellow maize or other locally available cereals (and also wheatbran if available) to produce high quality complete feeds. Least cost computerised feed formulation service is available for clients having bought our concentrates. We need an indication of all available raw materials at client's plant and their respective costprices, and where necessary the analysis of the raw materials (if deviating from standard analysis).

### **SPECIFICATIONS**

Code n°	1388/156	1386/157	1385/158	159
