Nutritional Water Soluble Powder

SICOVIT AD3E-86 SP

Soluble Powder for oral administration

Code N° SP65

1. Composition:

Contains per gram powder:

Vitamin A, retinol palmitate	20,000 IU.
Vitamin D3, cholecalciferol	6000 IU.
Vitamin E, alpha-tocopherol acetate	60 mg.
Carrier ad.	1 g.

2. Description:

SICOVIT AD3E-86SP is involved in the process of formation and preservation of function of epithelial issues and mucous membranes, is important for fertility and is essential for vision. Vitamin D3 regulates and corrects calcium and phosphate metabolism in blood and plays an important role in the uptake of calcium and phosphate from the intestines. Especially in young, growing animals vitamin D3 is essential for the normal development of skeleton and teeth. Vitamin E is as a fat-soluble intracellular antioxidant, involved in stabilizing unsaturated fatty acids, thereby preventing toxic lipo-peroxides formation. Furthermore vitamin E protects the oxygen-sensitive vitamin A from oxidative destruction in this preparation.

3. Indications:

SICOVIT AD3E-86SP is a well balanced combination of vitamin A, vitamin D3 and vitamin E for calves, cattle, goats, poultry, sheep and swine. SICOVIT AD3E-86SP is used for:

- Prevention or treatment of vitamin A, vitamin D3 and vitamin E deficiencies in farm animals.
- Prevention or treatment of stress, caused for instance by vaccination, diseases, transport, high humidity, high temperatures or extreme temperature changes.
- Improvement of feed conversion.

4. Side effects:

No undesirable effects are to be expected when the prescribed dosage regimen is followed.

5. Dosage:

For oral administration.

Calves, goats and sheep	: 1 g per 40 kg body weight for 3 - 5 days.
Cattle	: 1 g per 80 kg body weight for 3 - 5 days.
Poultry and swine	: 1 kg per 4000 litre drinking water for 3 - 5 days

6. Withdrawal times:

None.

7. Warning:

Keep out of reach of children.

8. Packing:

Sachet of 100 gram and jar of 500 & 1000 gram
