

**PRODUCT INFO
& DATASHEET**

SICOXYQUIN – L

98 % LIQUID ETHOXYQUIN ANTIOXIDANT

PRODUCT DESCRIPTION

SICOXYQUIN-L is a liquid antioxidant. It's pure 6-ethoxy-1,2-dihydro-2,2,4-trimethylquinoline or ethoxyquin.

SPECIFICATIONS

- Appearance : yellow to light brown low viscous liquid.
- Density : 1.03 kg/l (25 ° C)
- Boiling point : 125 ° C

ADVANTAGES

- * Adding SICOXYQUIN-L will significantly enhance the preservation of both carotene and vitamin A during storage.
- * Is effective even after the animal has eaten the feed; so SICOXYQUIN-L remarkably improves the assimilation of vitamin A in the body of animals.
- * Adding 0.0125 % SICOXYQUIN-L to the feed significantly enhances pigmentation in the skin and shanks of broilers.
- * Prevents all Vitamin E deficiency symptoms, which seems to demonstrate the ability of SICOXYQUIN-L to take the place of supplemental vitamin E.

USE & DOSAGE

Use 75-100 g SICOXYQUIN-L per ton of feed

PACKING

Drums of 200 kg net.

STORAGE & HANDLING

Should be stored in a dry, cool place in the dark.
