& DATASHEET**

SICO OLIGO-ELEMENT PREMIXES

0.1 % INCLUSION RATE

DESCRIPTION

Very concentrated and balanced oligo-element premixes of the highest quality, specially formulated for larger feedmills.

SPECIFICATIONS & USE

CODE NO	14	15	16	17	18	19
NAME	ALLMIN	POULMIN	PIGOMIN	CALMIN	RUMIMIN	OVIMIN
Destination	All animals	Poultry	Pigs	Calves	Cattle	Sheep
Oligo-elements/kg						
Fe mg	100,000	52,500	100,000	105,000	70,000	62,500
Cu mg	12,500	7,500	25,000	21,000	14,000	/
Zn mg	52,500	40,000	100,000	90,000	60,000	62,500
Mn mg	62,500	93,000	50,000	62,500	40,000	37,500
Co mg	1,250	1,000	1,000	2,100	1,400	1,250
I mg	2,500	2,000	1,200	4,200	2,800	2,500
Se mg	100	100	100	50	25	25
MgO mg	180,000	112,500	150,000	350,000	225,000	200,000
S mg	30,000	50,000	25,000	43,750	30,000	125,000

DOSAGE

The inclusion rate is 0.1 % ; this means : use 1 kg of premix per 1,000 kg of complete feed. (We can produce these oligo-element premixes also with any other inclusion rate (e.g. 0.25 % or 0.50 %) or adapted to your specific wishes.

PACKING

Seaworthy polypropylene bags with polyethylene inner bag of 25 kg net.

STORAGE & HANDLING

Should be stored in dry and cool places, in the dark.

SICO MINERALS

Minerals are indispensable elements in animal feeding. Minerals are present in large numbers, in very quantities, with different localisation and with diverse functions.

Some of these minerals appear in relatively important quantities in the animal organisms. These major minerals or so called macro-elements are mainly: calcium (Ca), phosphorous (P), sodium (Na), potassium (K), magnesium (Mg) and sulphur (S).

Other minerals are rather small in quantity, but nevertheless, they play an indispensable function. These oligo or trace elements are : Iron (Fe), Copper (Cu), Cobalt (Co), Manganese (Mn), Zinc (Zn), Iodine (I), Molybdenum (Mo), Selenium (Se) etc.

We are probably Belgium's **most competitive** supplier of minerals and trace elements premixes.

SICO's mineral sources with a high availability of minerals, assure optimal feeding programmes :

- MACRO ELEMENTS
- TRACE ELEMENTS
- COMPOUND MINERAL SOURCES
- LICKIES
- OLIGO-ELEMENT PREMIXES 0.1% INCLUSION RATE or any inclusion rate or formulation as per client wishes.

For each animal, SICO has the right formulation !
