SICOFERT® THOMAS-K nr. 2
NPK 0.8.15 + 6 MgO + 18 SO₃ + 26 CaO
Granular blended PK fertiliser with high Magnesium and Calcium

1) CALCULATED ANALYSIS

Total nitrogen (N)	: 0 %
Total Phosphorus pentoxide (P ₂ O ₅)	: 8 %, soluble in neutral ammonium citrate and water of which 7.67 % P ₂ O ₅ soluble in water
Potassium Oxide (K ₂ O)	: 15 %, soluble in water
Magnesium Oxide (MgO)	: 6 %, total
Calcium Oxide (CaO)	: 25.51 %, soluble in mineral acid
Sulphur Trioxide (SO ₃)	: 18.68 %

2) Minerals supplied with 100 kg NPK per ha:

P ₂ O ₅	K ₂ O	SO ₃	MgO
8 kg	15 kg	19 kg	6 kg

3) PRODUCT DESCRIPTION & ADVANTAGES

- Thomas-K is a valuable fertiliser with high quality potash and guaranteed phosphate action.
- The high magnesium content assures beautifully green pastures, lawns and crops.
- Has a basic effect and counters soil acidification.
- Is spread/broadcasted in autumn, winter or early in spring, preferably before starting the soil tillage.
- With a normal pH situation, then the level of calcium in Thomas-K will be sufficient. With an acid soil or on advice of a soil analysis an extra calcium application is recommended (**see also Sico's range of Specialty Calcium formulations**).
- As product does not contain any nitrogen, nitrogen can be applied independently and targeted/taking into account the status of the crop and weather conditions.

4) SOME APPLICATION RECOMMENDATIONS

CROP	Kg per are
Fruit trees	7 – 9
Lawns / pastures	6 – 8
Cabbage crops: leek, celery, beans, red beet	12 – 15
Perennials & ornamentals	8 – 10

The above table is only indicative and given without any responsibility & rights. Please always consult your local agronomist for your fertilisation programs.

5) PACKING

- in 25 or 50 kg net wpp + pe bags (loose) 27.5 MT/20' fcl or if palletised 24 MT/20' fcl.
- big bags or bulk into 20' containers.
